

# NY-VCAP Grant Permissions for Camera & Microphone

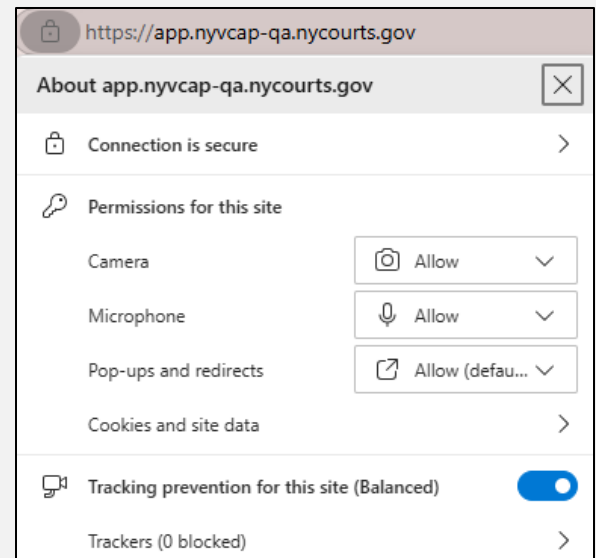

Upon successful login to NY-VCAP, Ensure that you allow the camera and microphone permission when prompted in your browser before accessing the system.

This notification appears briefly during your first login. If you missed it, follow the instructions below.

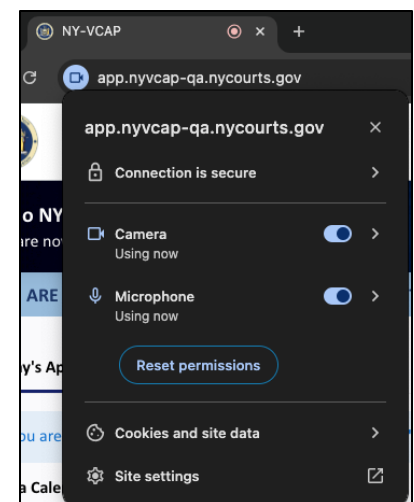

## Microsoft Edge Browser

1. Click the **icon** next to the NY-VCAP URL in the search bar.
2. Under **Permissions for this site**, set Camera and Microphone to **“Allow.”**

## Chrome Browser

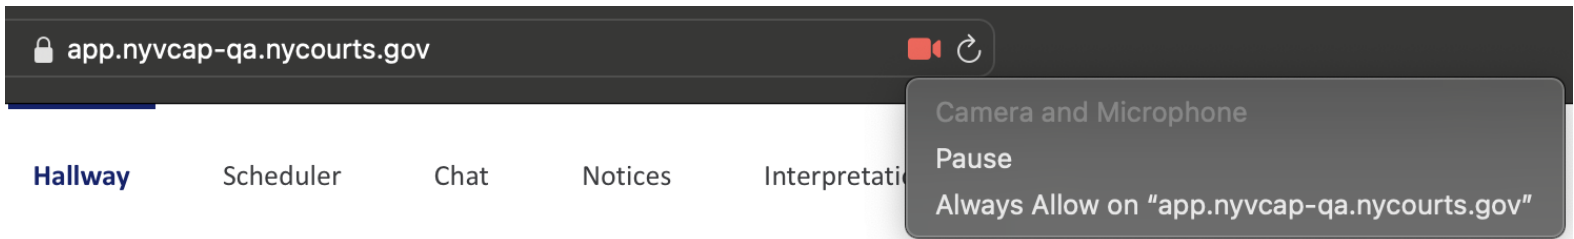

1. Click the **icon** next to the NY-VCAP URL in the search bar.
2. Click **“Site Settings”**
3. Under **Permissions**, set Camera and Microphone to **“Allow.”**

# NY-VCAP Grant Permissions for Microphone & Camera

## Safari Browser

1. Click the **Camera icon** next to the NY-VCAP URL in the search bar
2. Click **“Site Settings”**
3. Click **“Always Allow”**

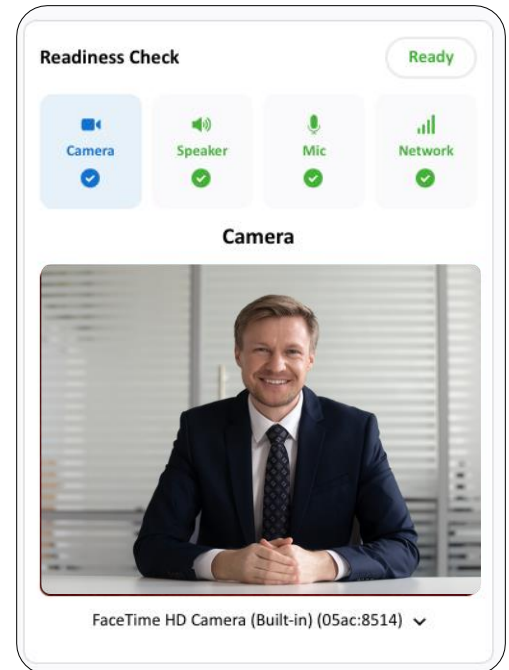

# NY-VCAP How to Change Camera & Microphone

## From the Hallway

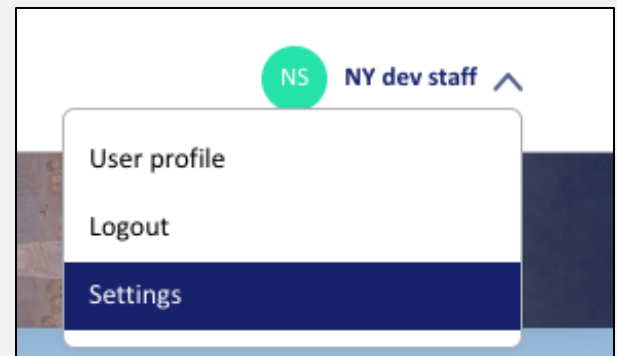

1. Once you enter the Hallway you will see a section labeled **Readiness Check**.
2. Underneath the **Camera, Speaker, and Mic icons** you will see a dropdown to switch your output.

Your selection will remain for all future appearances unless changed.

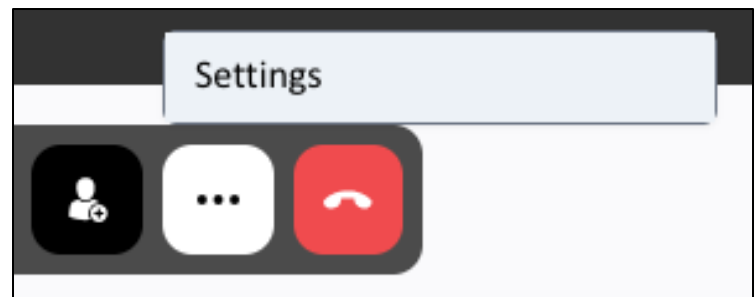

## From Profile Settings

1. Click on “**Profile**” then “**Settings.**”
2. You will see the same readiness check as in the hallway, allowing you to switch your output.

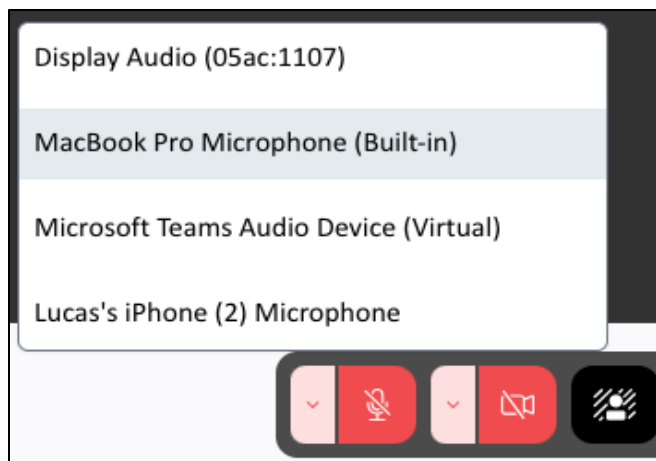

## From The Courtroom

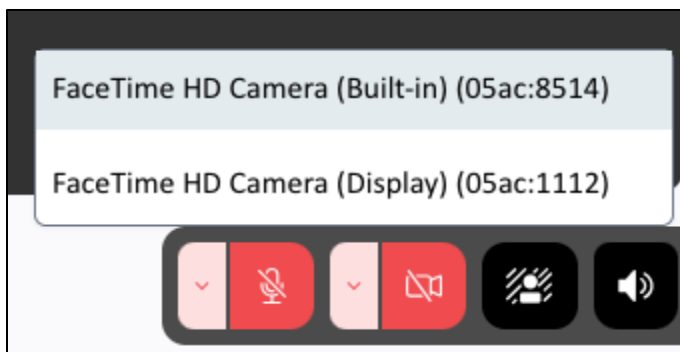

1. Click on “**Settings Icon**” then “**Settings.**”
2. You will see the same readiness check as in the hallway, allowing you to switch your output.

# NY-VCAP How to Change Camera & Microphone

If you have multiple audio outputs, you can switch between options by clicking the **"down arrow"** from the microphone icon.

If you have multiple camera outputs, you can switch between options by clicking the **"down arrow"** from the camera icon.
